2020-2021

### Activity Report

Workshop on 'Mushroom production and its marketing' was organized by Agriculture Department in collaboration with Entrepreneurship and Start-up Cell of Guru Nanak College, Budhlada for undergraduate students and given demonstration to local people on 12/2/2021. 15 students and 20 people from Budhlada city and nearby villages attended the workshop.

In this workshop, the basic facts related to mushroom farming were discussed by the faculty members and they taught the students & Local People about the techniques used to grow mushroom along with this they also aware the students about the weather conditions which are sufficient for good cultivation of this vegetable. The main advantage discussed by them is that it does not have any residual material like other crops which cause harm to the environment and a very good source of income for them.

**Benefits:** workshop of mushroom production and its marketing is very useful in the term of providing job as mushroom producer and security of nutrition food.
