Activity No. 11

Name of Activity: Career Guidance Classes

Department: English

Date: October 2018 to November, 2019

No. of students: 120

Description: Career Guidance is a counselling programme designed to help students choose the right career path based on their educational and professional choices. It is a qualitative and quantitative assessment of the knowledge, skills, information, and experience to identify career options. Department of English Guru Nanak College Budhlada organized this programme to build inner self of the students, to explore their knowledge for career opportunities. The Literature suggests that career guidance is highly effective at improving learning and skills and training participation among adults. It is also effective at helping unemployed workers to find jobs, though evidence is less robust as to its impact on career progression and job satisfaction.
